STUDIO®  
PRINTS

Collections

# STUDIO<sup>®</sup> PRINTS

Studio Prints collections are a contemporary take on traditional studio pottery, celebrating the creative history of ceramics. Made in England, Studio Prints are achieved with Churchill's innovative print process. **Homespun** is a contemporary take on hand thrown pottery, while **Raku** is a modern interpretation of a reactive glazing process. The subtle texture of **Stone** recreates the effect of carving ceramics from natural stone. **Mineral** is inspired by the mottled surface texture of artisan pottery, **Breccia** emulates the crackled pattern of historical glazes and **Fluid** imitates glaze fluidity. The **Agano** design is ideal for food presentation, the linear and radial pattern draws the eye to the centre of the plate.

# Homespun

A contemporary take on traditional studio pottery

The Homespun collection offers a blend of contemporary sophistication and nostalgia. The natural colours and subtle pattern showcase the freshest ingredients and enhance food presentation. The Homespun design is printed underglaze with a hand applied edge band, making each piece unique.

STUDIO®  
PRINTS

# Raku

A stunning high performance product inspired by authentic reactive glazing processes

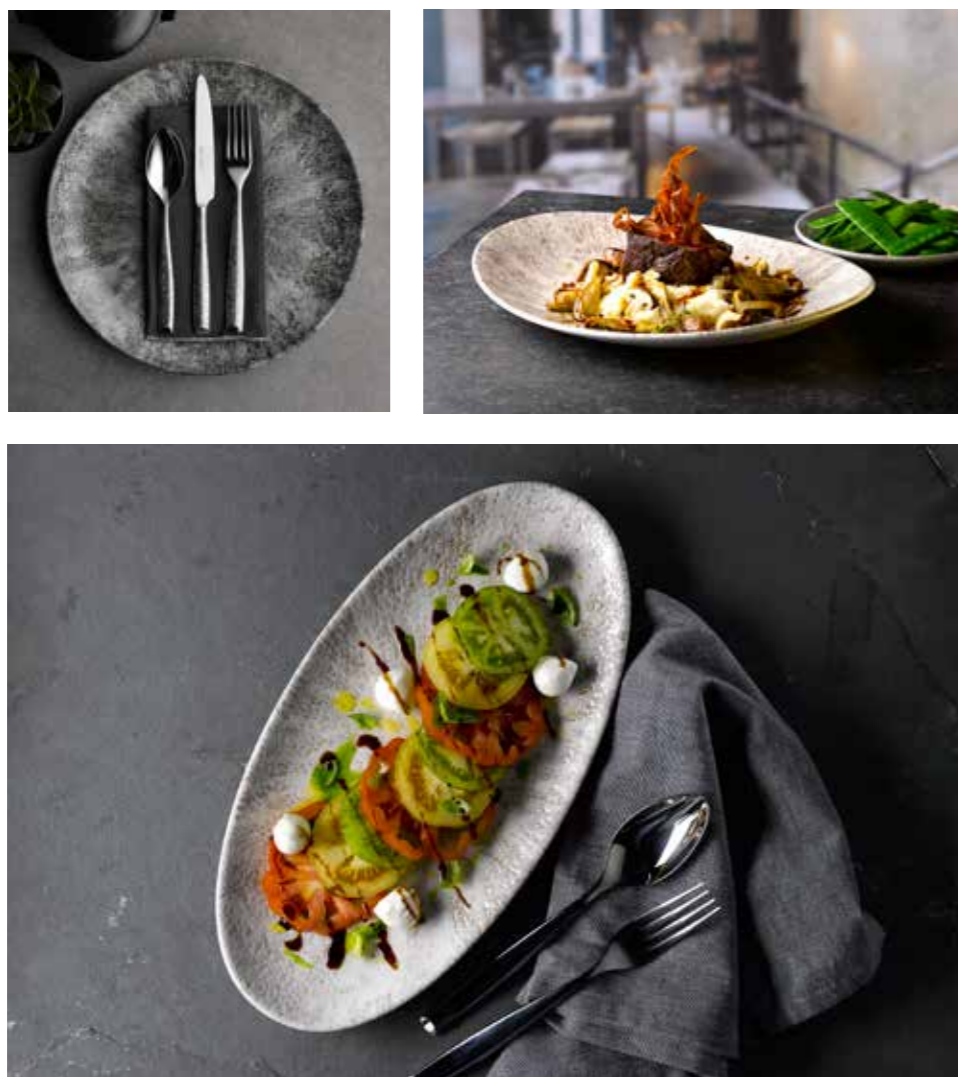

Raku is inspired by the traditional glazing process known as Raku firing, which creates expressive and exciting results. Raku showcases reactive texture through print. Each piece is unique as the print acquires its beautiful colour through random and spontaneous effects.

STUDIO®  
PRINTS

# Stone

The subtle texture of hand carved stone

Studio Prints collections are a contemporary take on traditional studio pottery. Stone, a range within the collection is inspired by the traditional process of hand carving ceramics from natural stone, emulating tones and textures from nature.

STUDIO®  
PRINTS

# Breccia & Fluid

Inspired by pottery  
glazing techniques

Breccia and Fluid are designs within Studio Prints. Contemporary design Breccia emulates the crackled pattern of artisan pottery. Fluid is a modern interpretation of the patterns and texture created by the fluidity of ceramic glazes. Made in England, Breccia and Fluid are achieved using Churchill's innovative print technology.

# Mineral

Artisan Texture of  
traditional glazes

Introducing Mineral to the Studio Prints collection. The design is inspired by the mottled surface texture created by traditional artisan glazes. Manufactured using Churchill's innovative print process, the reactivity within the Mineral pattern creates a subtle two tone effect and means that every piece is a unique creation.

STUDIO®  
PRINTS

# Agano

Abstract,  
Radial Lines

The Agano design is a distinctive range addition to the Studio Prints collection, ideal for food presentation, the linear and radial pattern draws the eye to the centre of the plate. Agano is a versatile, abstract design that enhances the dining experience across all manner of food styles and hospitality settings.

 super vitrified

# FEATURES & BENEFITS

## Super Vitrified Body

Super Vitrified is a vitreous body that does not absorb moisture, it is more hygienic and has better heat retention properties. Its high resistance to thermal shock helps reduce breakages and provides superior strength.

## Superior Glaze Finish

Protected by our ecoglaze, a high performance glaze that enhances product performance, prolonging the life of the product, improving stain and metal mark resistance and durability.

## Underglaze Decoration

Studio Print designs are printed underglaze, this creates a protective layer to add lasting durability and improve performance during service use.

## Reactive Print

\*Raku, Stone, Breccia & Fluid.

Each piece is unique as the reactive prints acquire texture and colour through random and spontaneous effects.

## Homespun Features a Hand Decorated Edge Band

Homespun products are finished with a hand applied edge band to add to the rustic charm and individuality of each piece.

## Agano Colour Depth

The depth of colour in the Agano pattern creates variety in the tones of light and dark, making each piece unique.

## Fully Glazed Base on all Flatware

Prevents damage when stacking.

## 5 Year Edge Chip Warranty

Covered by our 5 Year Edge Chip Warranty.
