NATURAL VIBES COLLECTION

EARTH

by Gemma Bernal

EARTH winks at imperfection, at something made manually and with its own differences. The superposition of imperfect forms and their geometry, always give interesting, different results and that produce mobility. The choice of also arbitrary and uneven surface finishes emphasizes this idea. The inequality of tones and shapes, which seems casual, is the essence of EARTH.

ARTISAN COLLECTION

The way food tastes is influenced by more than simply the ingredients it contains. Studies suggest that the colour and texture of plates and even the actual shape of bowls can have a direct impact on the way we experience flavours. Artisan is born out of this philosophy.

Artisan is a beautiful new tableware range that combines shape, texture and colour in a way that is designed to elevate and enhance the entire dining experience. Inspired by the hand-thrown style of pottery design studios, Artisan offers something unique. It combines the look of hand-crafted products with the strength, consistency and durability of tableware that has been produced by a truly world-class manufacturing process. This ensures that Artisan is every bit as practical as it is beautiful.

And what makes Artisan even more appealing is its ability to deliver this unique combination at a price that offers you exceptional value for money.
