İKAT

Herald of power, abundance, and prestige... Ikat

This pattern that is named 'Atlas' by Uyghur Turks and 'ikat' by Indonesians and South Americans and that adds dynamism to stable venues, means 'connected' in Malaitan language. Although it is a clothing technique, Ikat turns into a unique pattern in the emergence process and is known as "ikat design". Since it can be combined with any style and color, the design meets with us almost anywhere and lastly, it becomes a popular code of the porcelain world. By its character, it offers a delicate alternative for the lovers of symmetry, retro, and innovation. It creates a flutter, yet protects the richness and harmony. Ikat has an aesthetic poise by its sequential patterns, and it appeals to stylish gentlemen with its geometrical shape.

SEASONS

Inspired by the nature, fused with art...

As in any product that follows the contemporary trends, we see that in porcelain too, a new trend emerges in each year. We see the nature theme often in gastronomy and world trends.

In this theme where the craftsmanship is at the forefront, handmade-like products, natural tones, and sights decorated with natural textures with brush effect take their places.

We created the Seasons Collections with 8 different colors, inspired by the popular trends.

ATATÜRK

Art is the expression of beauty... If this expression is done by word, it becomes poetry; if done by melody, it becomes music; if done by paint, it becomes painting; if done by engraving, it becomes sculpting; and if done by building, it becomes architecture.

A French Ecole... Marie Antoinette

The textures of Marie Antoinette Collection are developed with the inspiration of rococo art. Rococo is the name of flamboyant and ornate decoration style in the first half of the 17th century. In the 18th century, French queen Marie Antoinette led this style. Epochal woman figures and architectural elements are used in the collection with its postmodern design, named after its story.

The mystic tune of France takes you to a magical journey accompanied with unique strokes.
