# Libbey®

## Sustainability Initiatives

Sustainability to Libbey means creating a better quality of life for all people now as well as for generations to come, all while using the planet's resources at a rate at which nature is able to replenish them. Our interpretation of Sustainability means prosperity, fairness, and a healthy environment are all interrelated. Each of these elements can only sustain its existence indefinitely when the others are in balance. We are striving to achieve this balance while maintaining and improving upon high environmental, financial, and social standards. It is through this focus on people, profit, and the planet (the triple bottom line) that we intend to create value for our communities, employees, suppliers, customers, and investors, both now and in the future.

## SERVINGWARE & ACCESSORIES

For almost two centuries, Libbey has been known as the leading designer, manufacturer and marketer of high quality glass tableware for the foodservice industry. Libbey International continues this tradition as Libbey has expanded production into Europe, Latin America and Asia. Libbey International offers a diverse range of glassware that is ideally suited for the demanding foodservice operator. We offer the largest selection of glassware for hotels, caterers and restaurateurs worldwide.

# LIBBEY IS THE GLASSWARE FOR PROFESSIONALS

The new **Libbey** International Foodservice glassware catalog offers a wide assortment of elegant stemware, barware and tabletop accessories designed specifically for the rigors of a restaurant environment. Our designs appeal to demanding operators that value presentation and performance in service.

The **European Section** features an exclusive range of institutionally bulk-packaged products applicable for the European HORECA market and marketed to the traditional foodservice equipment and supplies distributor. Most of these items are produced in our Libbey Holland and Libbey Portugal facilities and warehoused in Europe.

The remaining portion of the catalog that highlights our core foodservice product offering compliments the European section. Many of these items are also warehoused in Europe and China. All items stocked in Europe are designated with an **E** icon next to the item information and all items stocked in China are designated with a **C** icon next to the item information. **The item information in blue text denotes the European sku number. The item information in purple text denotes the Chinese sku number.** All specifications are expressed in metric terms. The remaining items are stocked in our USA distribution centers.

These items are hand-made. As such, some small bubbles and other dimensional variations will be present. The capacities are noted as minimum ounce capacities and could vary upward considerably. They should not be used as a standard of measure.

These variations are inherent in the art of hand-made glassware and should not be seen as defective.

Please consider this prior to purchasing.

**Careful handling and use is required with all of Crisa's fine hand-made items.**

*Handwashing is recommended for handmade.*

**Tips for enjoying wine to its fullest –**  
 Wine is savored with all three senses –  
 the eyes, the nose, and the palate.

- The eyes take in clarity, color, and consistency.
- The nose appreciates the intensity or delicacy of the bouquet.
- The palate interprets the harmony of taste, texture, and bouquet so that all of the components of a wine's character can be savored.

**Important serving reminders –**

- When serving wine, always hold the glass by its stem. Touching the bowl can affect the look and taste of fine wines.
- For perfect tasting, the glass should be one-third full.
- For sparkling wines or champagne, the glass should be two-thirds full.

**Important reminder –**

Always wash stemware well with soap and water and rinse thoroughly. Any residue on the glass can detract from the taste and experience of wine or spirits.

*Create lasting memories with Libbey signature drinks...*

- Signature drinks are fun and lead to a memorable experience.
- Create specialty cocktails that appeal to your customers and build your brand.
- Provide drinks that aren't easily made at home.
- Presentation is key! Prepare the drink in front of the customer to create a sense of theatre and pizzazz.
- Use regional and artisanal ingredients.
- MOCKTAILS. Providing a wonderful assortment of non-alcoholic drinks can boost sales and profits.
- Customers drink with their eyes. Choosing the right glass makes all the difference for great presentation and profit per serving.
- Glassware is an investment that pays for itself after only one use. Decorate your glassware to promote your cocktail offering and build your brand.
- Boost sales and build your brand by decorating and selling the glass as a keepsake.

✖ **Sheer Rim/D.T.E.®**

Libbey's SheerRim/D.T.E.® (Dura Temp Edge) stemware and tumblers feature a beadless edge which is first cracked-off then polished to produce a fine, yet durable edge. This creates a combination of elegance and affordability in glassware for operators looking to upgrade their beverage service, while still maintaining longer service life. SheerRim/D.T.E. Tumblers and Stemware are guaranteed against chippage of the rim. Libbey SheerRim/D.T.E. items include Envy, York, Super Sham, Briossa, Bristol Valley, Charisma, and select beer and spirits items.

# Libbey's ★ HEAT-TREATED *glassware*

Libbey's heat-treated tumblers and stemware are created through a special heating and rapid cooling process after the glass is formed. This secondary process on "blown" glassware is performed only on

the upper portion of the glass where most abuse occurs. Libbey's heat-treated glassware offers increased resistance to thermal and mechanical shock.

# BEER Master

The right glass from Libbey Foodservice.

Libbey's Beer Master™ glassware allows beer lovers everywhere to maximize their enjoyment of the many craft and imported premium beers in the market today.

Beer experts will tell you that using the proper glass really does improve a beer's taste, aroma, and aesthetics. Presenting craft and premium beers in the proper glass is one of the most effective ways to increase check averages and profit per serving.

This handy guide includes descriptions of the most popular beer styles and pairs each style with the perfect Libbey Glass for serving each beer.

### Pub Glasses

Pub Glasses offer the perfect presentation of Classic Ales such as Pale Ale, Brown Ale, or Stout. Featuring a wide mouth to support the frothy head, Pub Glasses offer a traditional yet brilliant beer presentation.

# WHAT IS CRAFT BEER?

A craft brewer is small, independent, and traditional. In the U.S.A., it is a brewer producing 6 million barrels of beer or less annually, is less than 25% owned or controlled by an industry member who is not a craft brewer, and has at least 50% of its volume in malt beers.

## GLASSWARE FOR PROFESSIONALS

Please scan for more information on Libbey's Beer Master, including a guide to ales, lagers and specialty beers.

LIBBEY®  
fizzazz™

Libbey's fizzazz™ is an after-process which applies a laser etch to the inside bottom of glassware to accelerate the release of CO<sup>2</sup> of any carbonated beverage, particularly beer and sparkling wine. Choose from Libbey's selection of fizzazz™ items, or choose a glass and create a custom logo to highlight your brand. Use Libbey's Fizzazz™ to increase effervescence, release aromas and flavors, promote head retention, and enhance presentation by adding "theatre" to the drink.

**Tulip Stems**  
Ideal for presenting Lambic and Saison, the elegant tulip shape of Munique is also very well-suited for specialty fruit beers.

**Stemware**  
Featuring elegant yet robust designs, use Libbey Stemware to elevate your presentation of ales and lagers and increase profit per serving.

**Grand Service/Belgian Beer**  
The rounded bowl of Libbey's Grand Service and Belgian Beer glasses allows for subtle warming of the beer via heat transfer from the hand, while the inward tapering top captures aromas, enhancing the tasting experience.

## Add some **fizzazz™** to your glass!

fizzazz™ is an after-process which the inside bottom of a glass is laser etched (commonly referred to as nucleation) to accelerate the release of CO<sub>2</sub>, enhancing carbonation and promoting head retention.

Benefits of fizzazz™ include:

- ⊗ Increases carbonation, making the drink more effervescent
- ⊗ Releases aromas and flavors, enhancing enjoyment of the drink
- ⊗ Promotes head retention
- ⊗ Enhances presentation by adding theatre to the drink

For this initial introduction, we're excited to add the fizzazz™ process to nine existing items, including seven beer items and two champagne flutes. Ranging from the Tall Beer Glass to Catalina, Principé and the Vina Flute, Libbey Glassware has a wide range of items to choose from to add some fizzazz™ to your glass!

## HANDMADE PITCHERS

These items are hand-made. As such, some small bubbles and other dimensional variations will be present. The capacities are noted as minimum ounce capacities and could vary upward considerably. They should not be used as a standard of measure.

These variations are inherent in the art of hand-made glassware and should not be seen as defective.

Please consider this prior to purchasing.

Careful handling and use is required with all of Crisa's fine hand-made pitchers.

Handwashing is recommended for handmade items.

This Punch Bowl is hand-made. As such, small bubbles and other variations may be present. This is an inherent part of the hand-made process and should not be regarded as flawed.

Exercise caution when using.

## RECOMMENDED PRACTICES

- A. To use glass with ice or iced beverage: Always pre-chill, from room temperature, with cool tap water slowly before exposing to extreme cold conditions.
- B. To use glass with hot beverage or food: Always preheat slowly from room temperature, with warm water before exposing to extremely warm conditions.
- C. Cleaning: Always bring glass to room temperature prior to cleaning and avoid sudden extreme changes in temperature of the glass. Failure to do so may result in damage.

With proper care, this hand-made item will perform well in service for many years.

*Handwashing is recommended for handmade items.*

## DINNERWARE SELECTION

### How Much Dinnerware Do You Need?

To determine the quantity of each item, multiply the number of seats times the ordering factor shown for each item. Then, order the closest dozen quantity. Example: A 5½" plate for a 125 seat cafeteria = 6 x 125 = 750 pieces (63 dozen).

## Get the edge.

Self-promotion is an important part of maintaining your market share in the competitive foodservice industry. Libbey can help you keep your name in front of your customers with **custom crestring**. We permanently fire your name and logo onto your glassware or dinnerware, creating a silkscreened enamel decoration that refuses to scratch, chip, or wash off.

## Be outrageous.

Crested glassware and dinnerware provides you with an inexpensive way to make huge impressions on your customers. It adds variety and spark to your beverage service when used every day, and it becomes a memorable, cost-effective advertising vehicle when used as a giveaway or self-liquidator.

## Make a move.

Just select the colors you want from our standard color palette –custom colors are available upon request. Give us the name and/or logo you want on your glassware. We'll take it from there, designing and producing the final artwork and applying the approved design to your specifications.

# LITERATURE

In addition to our catalog, these powerful, full-color sales promotion materials are also available for your use.

LIBBEY®  
**+DuraTuff®**

Libbey's exclusive DuraTuff® treatment is a special thermal after-process for "pressed" tumblers and stemware that produces durable glassware with prolonged service life for the foodservice industry. Look for the DuraTuff® name embossed on all Libbey DuraTuff® products.

LIBBEY®  
**★ HEAT TREATED**

Libbey's heat-treated tumblers and stemware are created through a special heating and rapid cooling process after the glass is formed. This secondary process on "blown" glassware is performed only on the upper portion of the glass where most abuse occurs. Libbey's heat-treated glassware offers increased resistance to thermal and mechanical shock and is recommended for fast service cycle operations.

LIBBEY®  
**● Safedge® Rim Guarantee.**

For over 86 years, Libbey's proven commitment to quality has been backed by our well-known guarantee, "a new glass if the rim of a Safedge® glass chips." If the rim of any glass covered by the Safedge® guarantee chips, Libbey will replace or refund the price of the glass when it is returned to the dealer/distributor from whom it was originally purchased. Of course, this guarantee does not cover breakage.

LIBBEY®  
**■ Safedge® Rim and Foot Guarantee.**

If the rim or foot of any one-piece stemware item chips, Libbey guarantees to replace or refund the price of the glass when it is returned to the dealer/distributor from whom it was originally purchased.

LIBBEY®  
**▲ FINEDGE®**

Libbey's Finedge® glassware features a minimum bead and is available on a variety of tumblers and stemware. This finely rimmed glassware brings subtle beauty to any establishment.

LIBBEY®  
**✱ SheerRim/D.T.E.®**  
Libbey's SheerRim/D.T.E.® (Dura Temp Edge) stemware and tumblers feature a beadless

edge which is first cracked-off then polished to produce a fine, yet durable edge. This creates a combination of elegance and affordability in glassware for operators looking to upgrade their beverage service, while still maintaining longer service life. SheerRim/D.T.E.® Tumblers and Stemware are guaranteed against chippage of the rim.

**Θ Hand Blown.** Manufactured by hand, giving the glass uniquely individual characteristics. The capacities are noted as minimum ounce capacities and could vary upward considerably. They should not be used as a standard of measure.

LIBBEY®  
**© fizzazz™**  
Libbey's fizzazz™ is an after-process which applies a laser etch to the inside bottom of glassware to accelerate the release of CO<sub>2</sub> of any carbonated beverage, particularly beer and sparkling wine. Choose from Libbey's selection of fizzazz items, or choose a glass and create a custom logo to highlight your brand. Use Libbey's fizzazz to increase effervescence, release aromas and flavors, promote head retention, and enhance presentation by adding "theatre" to the drink.

**Dimensions/Capacities**  
(listed under each item)

"H" means height.  
"T" means top diameter.  
"B" means bottom diameter.  
"D" means maximum diameter.  
H-T-B dimensions are listed to the nearest 1/8 inch.  
"D" dimension is listed to the higher 1/8 inch.  
*Listed dimensions should not be construed as specifications.\**

Lined versions of items have same dimensions as unlined glass.  
The individual product images reproduced throughout this catalog are shown at approximately 25% actual size.

Glassware capacities are stated in U.S. ounces and are approximate and should not be used as a standard of measure. All fluid capacities are figured to overflow, except for those items decorated with a stated capacity line. Our capacity specifications allow for a tolerance of plus or minus 5%.

Example: a 12 oz. rocks glass could range in overflow capacity from a minimum of 11.4 ounces to a maximum of 12.6 ounces. For more information regarding product specifications, contact your Libbey representative.

Le traitement exclusif DuraTuff® de Libbey est un après-traitement thermique spécial pour les gobelets et verres à pied « moulés » qui produit des verres durables avec une vie de service prolongée pour l'industrie de la restauration. Recherchez le nom DuraTuff® gravé sur tous les produits Libbey DuraTuff®.

Les gobelets et verres à pied trempés de Libbey sont fabriqués grâce à un processus spécial de réchauffage et de refroidissement rapide, après que le verre soit mis en forme. Ce traitement spécifique destiné à la verrerie "soufflée" n'est appliqué que sur la partie supérieure du verre, qui se trouve être la plus vulnérable. La verrerie trempée de Libbey offre une résistance accrue aux chocs thermiques et mécaniques. Elle est recommandée pour les utilisations intensives des cycles de service rapide.

**Garantie Safedge® du bord.** Depuis plus de 86 ans, l'attachement permanent de Libbey à la qualité se prouve par notre célèbre garantie, "un nouveau verre si le bord d'un verre Safedge® s'ébrèche". Libbey remplacera ou remboursera la valeur du verre, il vous suffit pour cela de le renvoyer au distributeur où l'achat a été effectué. Bien entendu, *cette garantie ne couvre pas la casse.*

**Garantie Safedge® du bord et du pied.** Si le bord ou le pied d'un verre à pied fabriqué d'une seule pièce venait à s'ébrécher, Libbey en garantit son remplacement ou son remboursement lorsque celui-ci est renvoyé au distributeur où l'achat a été effectué.

La verrerie Finedge® de Libbey propose des articles à bord avec un bourrelet plus fin et est disponible sur une large gamme de gobelets et de verres à pied. Cette verrerie à bords fins apporte une beauté subtile à tout établissement.

**SheerRim/D.T.E.®** Les gobelets et les verres à pied SheerRim/D.T.E.® (Dura Temp Edge) de Libbey offrent un

bord sans bourrelet. Le bord de ces verres est coupé à froid avant d'être poli afin d'obtenir un bord très fin et néanmoins particulièrement solide. Cette méthode de fabrication permet d'allier élégance et prix abordable pour une gamme de verrerie destinée aux établissements soucieux de la qualité du service et de la durée de vie de leur verrerie. Les gobelets et verres à pied SheerRim/D.T.E.® sont garantis contre toute ébréchure du bord. *Cette garantie ne couvre pas la casse.*

**θ Soufflé à la main.** Fabrication artisanale donnant au verre des caractéristiques individuelles uniques. Les contenances sont notées comme des contenances en onces minimum et pourraient varier considérablement à la hausse. Ne pas les utiliser comme norme de mesure.

Fizzazz de Libbey est un après-traitement qui applique une gravure au laser dans le fond intérieur des verres pour accélérer le dégagement de CO2 de toute boisson gazeuse, en particulier la bière et le vin pétillant. Choisissez parmi la sélection d'articles fizzazz de Libbey ou choisissez un verre et créez un logo personnalisé pour mettre votre marque en valeur. Utilisez fizzazz de Libbey pour augmenter l'effervescence, libérer les arômes et les parfums, promouvoir la tenue de mousse et rehausser la présentation en ajoutant une touche « dramatique » à la boisson.

**Dimensions/Capacités**

(indiquées sous chaque article)  
 "H" représente la hauteur.  
 "T" représente le diamètre supérieur.  
 "B" représente le diamètre inférieur.  
 "D" représente le diamètre maximum.

Les dimensions H, T, B, sont indiquées au 1/8 pouce près. La dimension "D" est indiquée au 1/8 pouce supérieur. *Les dimensions indiquées ne devraient pas être interprétées comme spécifications.\**

Les versions des articles avec lignes ont les mêmes dimensions que ceux sans lignes.

Les images de produits individuels reproduites tout au long de ce catalogue sont à une échelle de 25% de la taille réelle.

Les contenances des verres, indiquées en onces américaines, sont approximatives et ne doivent pas être utilisées comme norme de mesure. Toutes les contenances sont indiquées pour déborder à l'exception des articles décorés d'une ligne de contenance précisée. Nos spécifications de contenance prévoient une tolérance de plus ou moins 5 %.

Par exemple : un verre droit de 12 oz pourrait avoir une contenance de débordement de 11,4 onces (minimum) à 12,6 onces (maximum). Pour de plus amples informations sur les spécifications des produits, contactez votre représentant Libbey.

LIBBEY®  
**+DuraTuff®**

El exclusivo tratamiento DuraTuff® de Libbey es un tratamiento térmico especial para después del proceso de “prensado” de vasos y copas, el cual produce cristalería con vida de larga duración para la industria del servicio de alimentación. Busque el nombre en relieve de DuraTuff® en todos los productos de Libbey DuraTuff®.

LIBBEY®  
**★ HEAT TREATED**

La cristalería templada de Libbey ha sido fabricada a través de un proceso especial de calor y enfriamiento rápido después de que el vidrio se forma. Este proceso secundario en vidrio soplado se aplica en la parte superior de la pieza donde ocurren la mayoría de los abusos. La cristalería templada de Libbey ofrece mayor resistencia al choque térmico y mecánico y se recomienda para operaciones de ciclos de servicio rápido.

LIBBEY®  
**● Garantía de borde Safedge®**

Por más de 86 años, el compromiso de calidad de Libbey ha sido respaldado por nuestra conocida garantía “un vaso nuevo si el borde Safedge® se astilla”. Si el borde de cualquier pieza Safedge® cubierta por la garantía se astilla, Libbey se compromete a reemplazar la pieza o reembolsar el importe del artículo a través del distribuidor al que se le hizo la compra originalmente. Esta garantía no cubre roturas.

LIBBEY®  
**■ Garantía de borde y pie Safedge®**

Si el borde o pie de cualquier copa de una sola pieza se astilla, Libbey garantiza reemplazar la pieza o reembolsar su costo a través del distribuidor al que se le hizo la compra originalmente.

LIBBEY®  
**▲ FINEDGE®**

La cristalería Finedge® de Libbey ofrece un borde fino y está disponible en una gran variedad de vasos y copas. Esta cristalería con borde fino proporciona una sutil imagen de belleza a cualquier negocio.

**Sheer Rim/D.T.E.®**

Las copas y vasos Sheer Rim/D.T.E.® (Dura Temp Edge) de Libbey se caracterizan por un

borde obtenido mediante un proceso en el que primero se corta el filo del producto y posteriormente se pule para producir un borde muy fino pero también durable. Esto crea una combinación de elegancia y de costeabilidad en la cristalería para los que están mejorando el servicio de sus bebidas, y al mismo tiempo prolonga la vida útil de los productos. Los vasos y copas Sheer Rim/D.T.E.® son garantizados contra despostilladuras.

**Ө Soplado a mano.** La fabricación artesanal brinda al vidrio características individuales únicas. Las capacidades constan como capacidades mínimas en onzas y pudieran variar hacia arriba considerablemente. Éstas no deben ser utilizadas como una norma de medición.

LIBBEY®  
**© fizzazz.**

El fizzazz de Libbey es un tratamiento para después del proceso que imprime un grabado láser en la parte inferior interior de la cristalería, lo cual acelera

la liberación del CO2 de cualquier bebida carbonatada, en particular cerveza y vino espumoso. Elija de la selección de Libbey los artículos con fizzazz, o elija un vidrio y cree un logo a la medida para resaltar su marca de fábrica. Utilice Fizzazz de Libbey para aumentar la efervescencia, para liberar aromas y sabores, para facilitar la duración de la espuma y para mejorar la presentación agregando “teatralidad” a la bebida.

## Dimensiones/Capacidades

(Alistadas bajo cada artículo)

“H” significa la altura.  
“T” significa el diámetro superior.  
“B” significa el diámetro inferior.  
“D” significa el diámetro máximo.

Las dimensiones H-T-B están alistadas a la más próxima 1/8 pulgada. La dimensión “D” está alistada a la próxima 1/8 pulgada más alta. *Las dimensiones alistadas no deben considerarse especificaciones.\**

Las versiones con línea tienen las mismas dimensiones que las que no la tienen.

Las imágenes de los productos individuales reproducidas a lo largo de este catálogo están a una escala aproximada del 25% del tamaño real.

Las capacidades de la cristalería están dadas en onzas estadounidenses y son aproximadas, no deben ser utilizadas como normas de medida. Todas las capacidades de fluidos son calculadas para desbordarse, con excepción de los artículos decorados con una línea de capacidad indicada. Nuestras especificaciones de capacidad permiten una tolerancia de 5 % más o menos.

Por ejemplo; un vaso cóctel de 12 onzas puede variar entre una mínima de 11.4 onzas hasta una máxima de 12.6 onzas en su capacidad de desbordarse. Para mayor detalles sobre las especificaciones de productos, póngase en contacto con su representante Libbey.
